Surround Yourself With Comfort

Warm Up To The World Of White Mountain

Invite comfort, natural beauty and ambiance into your home with the distinctive flare of White Mountain Hearth, the comprehensive line of fireplace and hearth products from ECS, Empire Comfort Systems. For more than three-quarters of a century, we have been designing and building quality heating products to last a lifetime. From natural realism to superior technology, White Mountain Hearth creates a world of comfort that will warm your hearth, your heart and your home.

Taos Vent-Free Fireplaces

No matter what your space limitations, our Taos vent-free fireplaces bring ambiance and warmth to any room. Featuring the look of a fireplace with a glow for atmosphere and interest, you'll experience no heat loss during operation since outside venting is not required. Both hearth models are 99% fuel-efficient and are designed to heat an area for less than half the cost of electricity. And, best of all, you'll continue to enjoy the safety and dependability of our vent-free fireplaces during power outages because no electricity is required for operation. Whether used with natural or propane gas, our Taos vent-free fireplaces offer a clean, affordable and efficient source of heat – not to mention alluring comfort.

Taos Mini Vent-Free Fireplace Shown with Optional Floor Stand

Taos Mini Vent-Free Fireplace Shown with Cherry Cabinet Mantel and Base and Polished Brass Frame

Taos Mini Vent-Free Fireplace

The Taos Mini vent-free fireplace is thermostatically controlled and offers a comforting heat source of up to 30,000 Btu/hr. Black stamped louvers, a polished brass decorative strip and a realistic log offer the look of a fireplace without a chimney or vent. The Taos Mini vent-free fireplace can be placed on the floor using the optional floor stand or mounted on a wall. Corner and cabinet mantels and bases come with a polished brass frame and are available to accentuate the look of your gas hearth. Safe operation is ensured with our automatic shut-off controls. This attractive model also features an optional automatic blower to maximize heat distribution.

Taos Maxi Vent-Free Fireplace

The Taos Maxi vent-free fireplace features an attractive black cabinet, polished brass louvers and realistic logs for added appeal. This vent-free fireplace can be mounted on a wall or used with the floor stand which is sold separately. It can also be customized with the mantel and base of your choice for a complete fireplace system. The Taos Maxi vent-free fireplace is thermostatically controlled and offers up to 30,000 Btu/hr to comfortably warm your room. For greater convenience and fuel economy, the thermostat regulates the temperature. A push-button piezo igniter provides a fast and reliable start-up, and our automatic shut-off controls provide safe operation. To further maximize heat distribution, an optional automatic blower is available.

Customize for Beauty

To accent your room's décor, full cabinet and corner cabinet mantels with matching bases are available for the Taos Mini and Taos Maxi vent-free fireplaces. You may choose the mantel and base in any of five decorative finishes. A polished brass frame ships with each mantel.

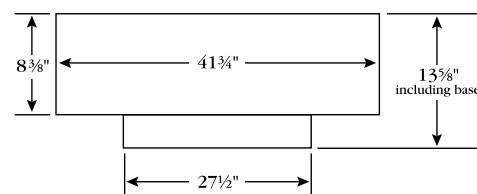

Surround Yourself With Comfort

We've thought of everything to warm your home comfortably, efficiently and cost-effectively. So just sit back, relax, and surround yourself with comfort in the world of White Mountain Hearth.
